

# 7<sup>th</sup> ANNUAL REPORT CARD ON ATLANTIC CANADIAN HIGH SCHOOLS

This is the seventh annual report card on Atlantic Canadian high schools (RC7). It is based on a three-year average including 2004/05, 2005/06, and 2006/07.

The grades reported here are for the schools themselves and are not simply an average of grades received by the students at that school. The final grade and rank for the sixth annual report card (RC6) is included for reference.

There is a great deal of information presented here. We encourage you to dig below the overall rank and grade. Even the highest ranked schools can improve and those at the bottom of the list can take pride in their strengths.

## The Research Team

Principal researcher Rick Audas is an Assistant Professor at Memorial University of Newfoundland, currently on secondment to the University of Otago in Dunedin, New Zealand as a Senior Lecturer in the Department of Economics and the Department of Preventive and Social Medicine. Co-author Charles Cirtwill is Executive Vice President at AIMS, as well as the head of the Institute's Education and School Reform Project. Co-author Bobby O'Keefe is Research Manager at AIMS.

## HOW TO READ THE AIMS REPORT CARD

The AIMS Report Card grades schools based on their educational outcomes in two categories – Achievement and Engagement. Academic Achievement is an indicator of overall academic success using school marks in math, science, language arts, and humanities courses, provincial exams in the corresponding courses, and achievement in post-secondary studies or training. Academic Engagement is an indicator of the level of student engagement in school, and is determined using attendance rates, moving-on rates, enrollment in post-secondary preparatory courses in math and language arts, and participation in post-secondary education.

However, it is understood that educational outcomes can be affected by various factors outside a school's influence. "Inputs" for which we have been able to secure data include enrollment, pupil teacher ratio, teacher training, and socio-economic status. The AIMS Report Card uses this input data to level the playing field for schools in different settings. So the **Final Grade** for each school is calculated by averaging the Overall Absolute grade and the Overall grade In Context.

The Absolute grade assesses a school's performance relative to the rest of the schools in the province. The grade In Context measures how well a school performs considering the school's "Inputs" – the variables that are generally beyond the school's

control. In Context measures are assessed by predicting how a school should perform based on its Input variables and comparing its actual results against the predicted values for the school.

Schools for which we were *not able to secure a complete data set* are not given a final overall grade and are listed alphabetically as *unranked*. All available results, as well as table notes that provide further explanation on the measurements and data, will be posted online at [www.aims.ca](http://www.aims.ca).

## INPUTS

**High School Enrolment (HS Enrolment):** the number of students enrolled in high school grades.

**Pupil Teacher Ratio:** the ratio of all students to full-time equivalent teaching staff.

**Average Teacher Certification (Teacher Certification):** an indicator of the average level of education possessed by the teaching staff in a school.

**Socio-Economic Status (SES):** the socio-economic status uses a number of measures to capture the social and economic conditions of a school's student population.

**Feeder achievement:** an indicator of the performance of junior high or middle school students who go on to attend each high school.

## OUTCOMES

### ACADEMIC ACHIEVEMENT

**School marks:** the average teacher-assigned grades for general, academic and advanced level courses in math, science, language arts and humanities.

**Provincial exams:** the average grade on provincial exams including math, science, language arts and humanities.

**Post-secondary achievement:** is an indicator of the comparative academic success of post-secondary students from Atlantic Canadian high schools in their first year of study at 21 of Atlantic Canada's universities and community colleges.

### ACADEMIC ENGAGEMENT

**Attendance Rate:** the attendance rate of high school students.

**Moving-on:** based on the number of students who move from one grade to the next grade. The Grade 12 moving-on rate is calculated by dividing the number of graduating students by the number enrolled at the beginning of the year.

**Post-secondary preparation:** the proportion of students participating in college preparatory math and language arts courses.

**Post-secondary participation:** the proportion of students moving on, or intending to move on, to post-secondary education the year after graduation.

# New Brunswick - Anglophone

## Lower Tuition - Less Debt

Student debt loads are a hot issue across the nation. College of the North Atlantic has implemented a voluntary tuition freeze since 1998 and now has the lowest tuition rates of any public college or university in Atlantic Canada.

We're so much more.

## Transferability

As a result of our high quality education, many institutions have signed transfer agreements with College of the North Atlantic which allow graduates of various programs to receive advanced standing upon entrance to university level studies.

We're so much more.

## Higher Earnings

Our graduates have great earning potential. Research shows graduates of our three-year programs, on average, earn more than those with undergraduate degrees.

We're so much more.

## Find Work Sooner

The purpose of going to college is to get an education or learn a skill, graduate, and start a career. College of the North Atlantic graduates do just that - more than 80% of them within three months of earning their diploma.

We're so much more.

## Lower Tuition - Less Debt

Student debt loads are a hot issue across the nation. College of the North Atlantic has implemented a voluntary tuition freeze since 1998 and now has the lowest tuition rates of any public college or university in Atlantic Canada.

We're so much more.

## Satisfaction with your Investment

If you are going to invest several years of your life and a significant sum of money in obtaining a post-secondary education, you will want to be totally satisfied with your investment. Our graduates report very high levels of satisfaction with the investment of both time and money.

We're so much more.

## A Reputation of Excellence

College of the North Atlantic is highly regarded in international education circles. On a provincial and national level, the college is considered a leader in post-secondary education. Our faculty and staff are second to none. We have state-of-the-art facilities and innovative programs and delivery methods.

We're so much more.

## Find Work Sooner

The purpose of going to college is to get an education or learn a skill, graduate, and start a career. College of the North Atlantic graduates do just that - more than 80% of them within three months of earning their diploma.

We're so much more.

## Transferability

As a result of our high quality education, many institutions have signed transfer agreements with College of the North Atlantic which allow graduates of various programs to receive advanced standing upon entrance to university level studies.

We're so much more.

## Higher Earnings

Our graduates have great earning potential. Research shows graduates of our three-year programs, on average, earn more than those with undergraduate degrees.

We're so much more.

# AIMS Report Card: Heading to your school at your request

## Learn More

AIMS will visit YOUR school to talk about YOUR report card. As Charles Cirtwill, co-author and head of AIMS education project, explains:

“The purpose of the report card is to help all of us understand what is going on in our schools and work toward making it better for everyone.

“The Report Card is a guide,” says Cirtwill. “It tells you where you should be asking questions and what types of questions you should be asking. If your math exam scores are low and half your kids are generally absent, then you have one problem. If everybody has been in class, and your exam scores are low, you have another.”

Contact AIMS to arrange a “how to read the report card” briefing session. These sessions can be school, board/district or province specific. They can help you better understand the report card and show you how to use it to make public education better for everyone.

Atlantic Institute for Market Studies

## Support AIMS

For seven years, **AIMS** has been bringing you inside the doors of our high schools in Atlantic Canada. We have fought successfully for the public release of information on student performance; information that we all use to make our schools better for our children. To continue, we need your support.

As an independent public policy think tank, **AIMS** does not take any money from government. We ask you to join us in this valuable work on public education. Please contact our office to pledge your support by calling **902-429-1143** or [aims@AIMS.ca](mailto:aims@AIMS.ca) or by mail at **AIMS**, Suite 1302 – Cogswell Tower, 2000 Barrington Street, Halifax, NS B3J 3K1.

*Together we can continue to make a difference in our schools for our children.*
