

AIMS Luncheon Briefing
With guest speaker
Stéphane Dion

Member of Parliament for Saint-Laurent-Cartierville
03 November 2011, Event Registration

AIMS is an independent economic and social policy think-tank. Our objective is to broaden the policy debate to make Atlantic Canadians, and Canadians, more generally aware of the full range of options for resolving our economic and social problems, and the consequences of those options for our quality of life. To that end, we sponsor seminars, workshops, conferences, and a distinguished public speakers program.
