

AIMS 6TH ANNUAL HIGH SCHOOL REPORT CARD (RC6)

New Brunswick Anglophone High Schools

For the second year in a row, we are unable to report Provincial Exam Scores or Teacher Assigned grades for New Brunswick’s Anglophone high schools. While provincial exams are no longer administered in New Brunswick Anglophone high schools, the province also stopped collecting and releasing other high school grade data despite continued use as assessment tools. We do however have a rich post-secondary achievement indicator to measure the academic performance of New Brunswick’s Anglophone students after graduation. Additionally, we have several important measures of Academic Engagement available to assess the performance of New Brunswick’s Anglophone sector.

Grand Manan Community School is this year’s top school despite a decline in its overall grade from an ‘A’ to an ‘A-’. Kennebecasis Valley High School improved from a ‘B’ to a ‘B+’ to take second place, while Fredericton High maintained its third place ranking. Saint John High improved from a ‘B-’ to a ‘B+’ to take fourth place. Other notable improvements include Sir James Dunn Academy (‘C’ to B-) and Chipman Forest Avenue School (‘C-’ to ‘B-’).

Schools with marked declines include North & South Esk Regional High School from a ‘B+’ to a ‘B-’ and Harvey High School from a ‘B-’ to a ‘C-’. A few schools, including last year’s top school, Upper Miramichi Regional High School in Boiestown, are unable to be ranked due to insufficient data from post-secondary institutions.

* Grades are based on a three year rolling average. If a school does not have at least two years of data for a particular measure it will not receive a grade for that measure. RC6 is based on data from the school years 2003/04, 2004/05, and 2005/06.

General

- A more detailed breakdown of the results for each ranked high school is published as an insert in the April issue of *Progress* magazine. A copy of this insert can be found online at <http://www.aims.ca/library/rc6insert.pdf>
- A further expanded data set, including the available results for all reported schools, plus expanded sub-measures for ranked schools is available online to allow for an inter-active cross school comparison on any available measure or a combination of measures. Please check the AIMS website at www.aims.ca.
- New Brunswick learning centres and private schools are not reported and no partial data is available for them.
