

AIMS 6TH ANNUAL HIGH SCHOOL REPORT CARD (RC6)

New Brunswick Francophone High Schools

Unlike Anglophone high schools in New Brunswick, high schools in the New Brunswick Francophone system still have provincial examinations in both math and language arts. The Francophone system also collects and reports teacher assigned grades in these subject areas. So while the testing regime has been reduced in the past few years, we are able to maintain a greater depth of academic achievement for Francophone high schools to go along with several measures of academic engagement.

For the second year, the top-ranked school in the New Brunswick Francophone system is École Marie-Gaétane in Kedgwick, though its overall grade fell from an 'A+' to an 'A-', the largest grade change in the New Brunswick Francophone sector. École Sainte-Anne in Fredericton ranked second with a 'B+' overall, improving from a 'B' last year. Polyvalente A.-J.-Savoie in Saint-Quentin maintained both its 'B+' grade and third place ranking.

* Grades are based on a three year rolling average. If a school does not have at least two years of data for a particular measure it will not receive a grade for that measure. RC6 is based on data from the school years 2003/04, 2004/05, and 2005/06.

General

- A more detailed breakdown of the results for each ranked high school is published as an insert in the April issue of *Progress* magazine. A copy of this insert can be found online at <http://www.aims.ca/library/rc6insert.pdf>
- A further expanded data set, including the available results for all reported schools, plus expanded sub-measures for ranked schools is available online to allow for an inter-active cross school comparison on any available measure or a combination of measures. Please check the AIMS website at www.aims.ca.
- New Brunswick learning centres and private schools are not reported and no partial data is available for them.
