SUMMARY REPORT CARD DATA

REPORT CARD ON WESTERN CANADIAN HIGH SCHOOLS:
MANITOBA

IMPORTANCE OF INDICATORS

The report card is presented in chart format. It is read from left to right with the school names and districts in the far left column, and the Overall Absolute and In-context scores in the far right. The scores and ranks in each cell correspond to the indicator at the top of the column and the school at the start of the row. We use a typical school grading system where A+ is the best and F is the worst. The schools appear in the chart according to their Overall Rank with number one at the top. The schools without enough data to create an Overall Grade are unranked and separated¹.

Specific aspects of the AIMS Report Card assessment chart are described in the diagram below. The example was taken from the *1st Annual Report Card on Western Canadian High Schools – Saskatchewan Section*. It is representative of the standard format. For quick reference, identify the aspect in question by the arrow and read the accompanying description adjacent to the arrow.

PLEASE NOTE

The grades are designed to reflect schools' performance; they are not designed to assess students.

Not all indicators of school quality are included due to data availability. The final grades and ranks reflect the schools overall performance as an average of only the available indicators included in each category. If there are no final grades, there was not enough information to legitimately assess overall school performance.

It is important to understand where schools rank overall but it is just as important to understand how they rank on individual indicators. Schools may be weak in some areas and strong in others, this variation is not reflected by the Overall Grades. Also, individual indicators reveal performance in specific areas. Overall grades are based on the general objectives of schools. Examining individual indicators enables assessment based on what you believe is important.

¹ No high schools in Manitoba have a Final rank and grade. Manitoba has no indicators of Academic Achievement meaning no Overall Achievement outcome and Final ranks and grades can be calculated.

School Name (Community)	Board Name	Final WRC1 (Rank of 0 Schools)		Absolute and In-Context (Using Inputs to estimate predicted outcomes Schools) Scores	Overall Engagement Grade (Rank of 228 Schools)	Overall Achievement Grade (Rank of 0 Schools)	Overall Performance Grade (Rank of 0 Schools)
