

AIMS 3RD ANNUAL HIGH SCHOOL REPORT CARD (RC3)

Covering school years 2000-2001 through 2002-2003

Newfoundland and Labrador High Schools

Newfoundland and Labrador has the widest range of achievement and engagement measures of any of the four Atlantic Provinces. On the engagement side, schools are assessed on the basis of retention at all high school grades, attendance rate and post-secondary participation rate.

On the achievement side, schools are assessed on a wide range of standardized examinations covering a variety of subjects, including English, mathematics, science, social science, and humanities courses. In addition, post-secondary achievement and the honours rate are used to compute the achievement grade.

Two Newfoundland and Labrador schools earned A+ grades on this year's Report Card: Cottrell's Cove Academy and Mary Simms All Grade. Both earned A+ in the last Report Card. Three additional schools earned As: Lakeside Academy, Pasadena Academy and Burgeo Academy. The former two improve from B+ grades in the last Report Card, while the latter slipped back from an A+. Several other schools made improvements; for example, Victoria Academy rose from a D to a B grade and St. Lewis Academy improved from a D to a C+.

At the bottom of the table, five schools receive failing grades: Jane Collins Academy, Jens Haven Memorial School, St. Peter's Academy, J.C. Erhardt Memorial, and Amos Comenius Memorial. All of these schools earned failing grades in the previous Report Card, with the exception of Jane Collins, which received a D. All of the schools earned Fs in both their absolute performance and their performance in context. Several other schools showed declines; Lakewood Academy fell from a B to a C, as did Jakeman All Grade.

- * Due to data challenges, these items could not be secured for these schools, so the schools were excluded from the rankings and were not assigned a RC3 overall grade.
- n/a Due to limitations in the data provided to AIMS by provincial education departments, boards/districts and post-secondary institutions and/or due to the need to protect individual student privacy when dealing with small schools or small samples, this information is not available for these schools.
- AIMS 2nd Annual Report Card (RC2) was published in March 2004. It included only contextually adjusted scores. This grade should, therefore, be considered comparable only to the “overall performance in context.”

General

- A more detailed breakdown of the results for each ranked high school has been published as an insert in the March issue of *Progress* magazine. A copy of this insert can be found online at <http://www.aims.ca/library/rc3insert.pdf>
- A further expanded data set, including the available results for all reported schools, plus expanded sub-measures for ranked schools will soon be made available online to allow for an inter-active cross school comparison on any available measure or a combination of measures. Please watch our website at www.aims.ca or subscribe to our newsletter at <http://www.aims.ca/newsletters.asp?cmPageID=200> for an update when this information becomes available.
- The Newfoundland School for the Deaf, the St. John's Hospital School, and the Newfoundland and Labrador Youth Centre are not reported and no partial data will be made available for them.
